Our Mission & Format

Our mission We create crappie that supports competitive fishing for all anglers, from the everyday/weekend angler to the seasoned pro, where all have a chance to compete at the National Championship on their level.

Our format is designed to promote fair competition for the everyday angler as well as the seasoned pro. Our Crappie Division I tournaments are limited to those who have not won \$5,000 individually or \$10,000 as a team or more at any professional crappie trail.

Our Open Division crappie two-day tournaments are open to all crappie anglers regardless of their previous placements and money earned.

Our Wild Card events are have both divisions fishing. Open Division compete for 2 days while Division I anglers compete 1 day at the same event.

Our tournaments award Seniors, Adult/Youth, Male/Female, and multi-pole teams to the highest-placing team at each event. We will be establishing a crappie tournament for only multi-pole fishing such as pulling and/or pushing (spider rigging) in the future.

Our National Championship is held in the Winter or Spring each year after the tournament season.

Our High School and Youth Bass Tournaments are 100% payback giving various ages of youth to compete.

Our uniqueness continues with the most experienced tournament crew.

Youth Are Our Future

The National Fishing League is committed to supporting the future generations of outdoors men and anglers. We organize tournaments where we award the top placing adult/youth team. Additionally, we conduct free kids fishing rodeo at most events, where kids belonging to two age groups, 8-12 and 7- below, participate in fishing and win prizes. All participating kids receive a medallion and a sample package/prize from our sponsors. We also hold a drawing for all kids that participate, and the winners get a chance to come to the National Championship to fish for awards and scholarships. Our aim is to bring the joy of fishing and the outdoors to our youth.
